**Subject:** Microsoft law suit

Dear Sirs;

I believe we have held this company up in the air  
not allowing microsoft to do what it does best, give  
us next products that will move this economy foreward.

The entire country is on hold waiting for these  
state lawyers to cut up the pie for their state and  
most of all for their own gain.. Enough, get this  
ended and send the beggars out of the chambers.

Lawrence Novak
